## INTRODUCTION

There's an inner, almost unconscious drive that pushes everyone to find their "soulmate". Even when this quest sometimes leaves people hurt and heartbroken, the hope lingers to one day find that one person.

It's not an easy task to find someone to love who will love you back equally. Maybe you've also struggled with this.

In the following pages, join us on a trip to discover the 24 signs that can prove whether a relationship is based on true love, on a perfect match.

1 **YOU CAN SHARE WITH YOUR LOVED ONE THINGS YOU'VE NEVER TOLD ANYONE ELSE**

This is not about being a blabbermouth, but about an intrinsic need to share with someone your most intimate thoughts and feelings.

2 **YOU ALLOW YOUR LOVED ONE TO SEE YOU AT YOUR WEAKEST**

When life is peachy, it's easy to enjoy the butterflies of romance. But what about those days when everything feels like a mess and you just want to cry with frustration? True love means never having to hide yourself.

3 **YOU WANT YOUR SIGNIFICANT OTHER TO MEET YOUR PARENTS**

When you feel truly proud of your loved one, you walk everywhere holding hands. But the final test is when you decide to bring them home and introduce them to your parents: "Mom, Dad, this is the one!"

## 4 YOU RESPECT EACH OTHER

Neither of you wants to change anything about the other. You love and accept one another, no matter what. You take each other's opinions into consideration, even when you don't fully agree.

## 5 YOU BOTH IMAGINE A FUTURE TOGETHER

Sometimes, when girls are little, they fantasize about their wedding day and married life. When you find the right person for you, there's no need for daydreaming anymore. You both enjoy planning the next step.

## 6 NEITHER OF YOU IS AFRAID OF DIFFERING OPINIONS

Even when your opinions are conflicting, you still manage to reach consensus, without feeling like anyone is compromising.
